

Weekly Report (Dec 18~Dec 24)

Liwen Lin

Done

Topological view: Combined nodes in the same area to make an area-level view. Users can view the (bus-level) topology of an area by clicking on the corresponding node.

In Process

Improving the layout of the topological view: To reduce overlapping edges.

Implementing a method to modify the layout when switching between area-level and bus-level view.

Summary of Current Work Projects

Project	Due	In Process	Problems
